

(The forgotten) Principles of Liberty

<http://thetruthnews.info>

Learn how adherence to these principles during the past 200 years has brought about more progress than was made in the previous 5,000 years.

1. The only reliable basis for sound government and just human relations is Natural Law.
2. A free people cannot survive under a republican constitution unless they remain virtuous and morally strong.
3. The most promising method of securing a virtuous and morally stable people is to elect virtuous leaders.
4. Without religion the government of a free people cannot be maintained.
5. All things were created by God, therefore upon Him all mankind are equally dependent, and to Him they are equally responsible.
6. All men are created equal.
7. The proper role of government is to protect equal rights, not provide equal things.
8. Men are endowed by their creator with certain unalienable rights.
9. To protect man's rights, God has revealed certain principles of divine law.
10. The God- Given right to govern is vested in the sovereign authority of the whole people.
11. The majority of the people may alter or abolish a government which has become tyrannical.
12. The United States of America shall be a republic.
13. A constitution should be structured to permanently protect the people from the

human frailties of their rulers.

14. Life and liberty are secure only so long as the right of property is secure.

15. The highest level of prosperity when there is a free market economy and a minimum of government regulations.

16. The government should be separated into three branches: legislative, executive, and judicial.

17. A system of checks and balances should be adopted to prevent the abuse of power.

18. The unalienable rights of the people are most likely to be preserved if the principles of government are set forth in a written constitution.

19. Only limited and carefully defined powers should be delegated to government, all others being retained in the people.

20. Efficiency and dispatch require government to operate according to the will of the majority, but constitutional provisions must be made to protect the rights of the minority.

21. Strong local self- government is the keystone to preserving human freedom.

22. A free people should be governed by law not by the whims of men.

23. A free society cannot survive as a republic without a broad program of general education.

24. A free people will not survive unless they stay strong.

25. "Peace, commerce, and honest friendship with all nations; entangling alliances with none."

26. The core unit which determines the strength of any society is the family; therefore, the government should foster and protect its integrity.

27. The burden of debt is as destructive to freedom as subjugation by conquest.

28. The United States has a manifest destiny to be an example and a blessing to the entire human race.

THE COMMUNIST GOALS 1963

1. Below are the Communist goals from the Congressional Record of 1963 and I am sad to say that most have come to past here in the United States of America soon to be called the North American Union! 44 years in the pot are we boiling yet? Note: Not one of these goals was excepted in 1963 in the USA and now most except all of them !

Communist Goals (1963) Congressional Record--Appendix, pp. A34-A35 January 10, 1963

Current Communist Goals EXTENSION OF REMARKS OF HON. A. S. HERLONG, JR. OF FLORIDA IN THE HOUSE OF REPRESENTATIVES Thursday, January 10, 1963 .

Mr. HERLONG. Mr. Speaker, Mrs. Patricia Nordman of De Land, Fla., is an ardent and articulate opponent of communism, and until recently published the De Land Courier, which she dedicated to the purpose of alerting the public to the dangers of communism in America.

At Mrs. Nordman's request, I include in the RECORD, under unanimous consent, the following "Current Communist Goals," which she identifies as an excerpt from "The Naked Communist," by Cleon Skousen:

[From "The Naked Communist," by Cleon Skousen]

1. U.S. acceptance of coexistence as the only alternative to atomic war.
2. U.S. willingness to capitulate in preference to engaging in atomic war.
3. Develop the illusion that total disarmament [by] the United States would be a demonstration of moral strength.
4. Permit free trade between all nations regardless of Communist affiliation and regardless of whether or not items could be used for war.
5. Extension of long-term loans to Russia and Soviet satellites.
6. Provide American aid to all nations regardless of Communist domination.
7. Grant recognition of Red China. Admission of Red China to the U.N.
8. Set up East and West Germany as separate states in spite of Khrushchev's promise in

1955 to settle the German question by free elections under supervision of the U.N.

9. Prolong the conferences to ban atomic tests because the United States has agreed to suspend tests as long as negotiations are in progress.

10. Allow all Soviet satellites individual representation in the U.N.

11. Promote the U.N. as the only hope for mankind. If its charter is rewritten, demand that it be set up as a one-world government with its own independent armed forces. (Some Communist leaders believe the world can be taken over as easily by the U.N. as by Moscow. Sometimes these two centers compete with each other as they are now doing in the Congo.)

12. Resist any attempt to outlaw the Communist Party.

13. Do away with all loyalty oaths.

14. Continue giving Russia access to the U.S. Patent Office.

15. Capture one or both of the political parties in the United States.

16. Use technical decisions of the courts to weaken basic American institutions by claiming their activities violate civil rights.

17. Get control of the schools. Use them as transmission belts for socialism and current Communist propaganda. Soften the curriculum. Get control of teachers' associations. Put the party line in textbooks.

18. Gain control of all student newspapers.

19. Use student riots to foment public protests against programs or organizations which are under Communist attack.

20. Infiltrate the press. Get control of book-review assignments, editorial writing, policy-making positions.

21. Gain control of key positions in radio, TV, and motion pictures.

22. Continue discrediting American culture by degrading all forms of artistic expression. An American Communist cell was told to "eliminate all good sculpture from parks and buildings, substitute shapeless, awkward and meaningless forms."

23. Control art critics and directors of art museums. "Our plan is to promote ugliness, repulsive, meaningless art."

24. Eliminate all laws governing obscenity by calling them "censorship" and a violation of free speech and free press.

25. Break down cultural standards of morality by promoting pornography and obscenity in books, magazines, motion pictures, radio, and TV.

26. Present homosexuality, degeneracy and promiscuity as "normal, natural, healthy."

27. Infiltrate the churches and replace revealed religion with "social" religion. Discredit the Bible and emphasize the need for intellectual maturity, which does not need a "religious crutch."
28. Eliminate prayer or any phase of religious expression in the schools on the ground that it violates the principle of "separation of church and state."
29. Discredit the American Constitution by calling it inadequate, old-fashioned, out of step with modern needs, a hindrance to cooperation between nations on a worldwide basis.
30. Discredit the American Founding Fathers. Present them as selfish aristocrats who had no concern for the "common man."
31. Belittle all forms of American culture and discourage the teaching of American history on the ground that it was only a minor part of the "big picture." Give more emphasis to Russian history since the Communists took over.
32. Support any socialist movement to give centralized control over any part of the culture--education, social agencies, welfare programs, mental health clinics, etc.
33. Eliminate all laws or procedures which interfere with the operation of the Communist apparatus.
34. Eliminate the House Committee on Un-American Activities.
35. Discredit and eventually dismantle the FBI.
36. Infiltrate and gain control of more unions.
37. Infiltrate and gain control of big business.
38. Transfer some of the powers of arrest from the police to social agencies. Treat all behavioral problems as psychiatric disorders which no one but psychiatrists can understand [or treat].
39. Dominate the psychiatric profession and use mental health laws as a means of gaining coercive control over those who oppose Communist goals.
40. Discredit the family as an institution. Encourage promiscuity and easy divorce.
41. Emphasize the need to raise children away from the negative influence of parents. Attribute prejudices, mental blocks and retarding of children to suppressive influence of parents.
42. Create the impression that violence and insurrection are legitimate aspects of the American tradition; that students and special-interest groups should rise up and use ["]united force["] to solve economic, political or social problems.
43. Overthrow all colonial governments before native populations are ready for self-government.

44. Internationalize the Panama Canal.

45. Repeal the Connally reservation so the United States cannot prevent the World Court from seizing jurisdiction [over domestic problems. Give the World Court jurisdiction] over nations and individuals alike.

With Bush and his Executive power make no mistake about it , we are under a dictatorship today and our public servants, oh I mean our authorities and leaders are vomiting there goals all over our country. And we are being destroyed by apathy, fear and lack of knowledge.

A SUMMARY OF THE COMMUNIST MANIFESTO

The Communist Manifesto represents a misguided philosophy, which teaches the citizens to give up their RIGHTS for the sake of the “common good,” but it always ends in a police state.

This is called preventive justice.

Control is the key concept. Read carefully:

1. Abolition of private property.

2. Heavy progressive income tax.
